

General Chairs

Rabab Ward
University of British Columbia
Li Deng
Microsoft

Technical Program Chairs

Vikram Krishnamurthy
University of British Columbia
Kostas Plataniotis
University of Toronto

Finance Chair

Jane Wang
University of British Columbia

Special Sessions Chairs

Xiaodong He
Microsoft
Wu Chou
Huawei

Tutorials Chair

Khaled El-Maleh
Qualcomm Technologies Inc.

Local Arrangement Chair

Panos Nasiopoulos
University of British Columbia

Social Program Chair

Rabab Ward
University of British Columbia

Webmaster Chair

Mehrdad Fatourehchi
University of British Columbia

Publicity Chairs

Lina Karam
Arizona State University
Michel Sarkis
Qualcomm Technologies Inc.

Publication Chairs

Michael Adams
University of Victoria
Vicky Zhao
University of Alberta

Exhibit Chairs

Dong Yu
Microsoft
Wu Chou
Huawei
Hank Liao
Google

Entrepreneurial Relationship

Ton Kalker
Huawei

Conference Management

Services, Inc.

ICASSP 2013

2013 IEEE International Conference on Acoustics, Speech, and Signal Processing (ICASSP)

Vancouver Convention & Exhibition Centre
May 26 - 31, 2013 • Vancouver, Canada

www.ICASSP2013.com

The 38th International Conference on Acoustics, Speech, and Signal Processing (ICASSP) will be held in the Vancouver Convention & Exhibition Centre, Vancouver, Canada, on May 26 - 31, 2013. ICASSP is the world's largest and most comprehensive technical conference focused on signal processing and its applications. The conference will feature world-class speakers, tutorials, exhibits, and over 120 lecture and poster sessions. Topics include but are not limited to:

- | | |
|---|---|
| <i>Audio and acoustic signal processing</i> | <i>Multimedia signal processing</i> |
| <i>Bio- imaging and signal processing</i> | <i>Sensor array & multichannel signal processing</i> |
| <i>Signal processing education</i> | <i>Design & implementation of signal processing systems</i> |
| <i>Speech processing</i> | <i>Signal processing for communications & networking</i> |
| <i>Industry technology tracks</i> | <i>Image, video & multidimensional signal processing</i> |
| <i>Information forensics and security</i> | <i>Signal processing theory & methods</i> |
| <i>Machine learning for signal processing</i> | <i>Spoken language processing</i> |

Vancouver: Vancouver is consistently rated as the most livable city in the world. It is surrounded by dense pine forests, snow-capped mountains and fjords. The ocean and the mountains surround the city while the expanses of the trees cover it. It is a city with vast beaches and lush parks combined with magnificent architecture. Vancouver is the place to enjoy the golden era of signal processing (as well as to explore spectacular British Columbia) and is waiting to welcome you and your family.

Submission of Papers: Prospective authors are invited to submit full-length papers, with up to four pages for technical content including figures and possible references, and with one additional **optional 5th page containing only references**. A selection of best papers will be made by the ICASSP 2013 committee upon recommendations from Technical Committees.

Notice: The IEEE Signal Processing Society enforces a "no-show" policy. Any accepted paper included in the final program is expected to have at least one author or qualified proxy attend and present the paper at the conference. Authors of the accepted papers included in the final program who do not attend the conference will be subscribed to a "No-Show List", compiled by the Society. The "no-show" papers will not be published by IEEE on IEEEXplore or other public access forums, but these papers will be distributed as part of the on-site electronic proceedings and the copyright of these papers will belong to the IEEE.

Tutorial and Special Sessions Proposals: Tutorials will be held on May 26 and 27, 2013. Brief proposals should be submitted by September 10, 2012, to tutorials@icassp2013.com and must include title, outline, contact information, biography and selected publications for the presenter(s), and a description of the tutorial and material to be distributed to participants. Special sessions proposals should be submitted by September 10, 2012, to specialsessions@icassp2013.com and must include a topical title, rationale, session outline, contact information, and a list of invited papers. Refer to the ICASSP 2013 website for additional information.

Important Deadlines:

Special Session & Tutorial Proposals Due	September 10, 2012
Notification of Special Session & Tutorial Acceptance	October 8, 2012
Submission of Regular Papers	November 30, 2012
Signal Processing Letters Due	February 1, 2013
Notification of Paper Acceptance	February 26, 2013
Revised Paper Upload Deadline	March 18, 2013
Author's Registration Deadline	March 18, 2013
