

Travelling to Singapore Hassle-Free

Travel Requirements to Singapore

From 1 April 2022 onwards, fully vaccinated visitors can enjoy quarantine-free travel without entry approvals, pre-departure tests, and on-arrival tests.

Your pre-departure checklist

- Obtain proof of vaccination and upload vaccination certificate onto the [Vaccination Check Portal](#)
- Secure tickets for any flight to Singapore
- Download the TraceTogether app and register your profile
- 3 days before departure: Submit SG Arrival Card and e-health declaration via the official and free e-service on the Immigration & Checkpoints Authority (ICA) website
- VISA, if applicable

Simplified COVID-19 Measures

	Mask-wearing Mask-wearing is now optional outdoors. When indoors, mask-wearing is still mandatory, except when eating or drinking.
	Dine-in Dine-in is allowed for all fully vaccinated persons. This includes F&B establishments, hawker centres and coffee shops.

About Singapore

Singapore is hot and humid all year round, with temperature usually over 30C. You should prepare for rain at any time, which can be torrential but brief

Visitors can connect to Wireless@SGx hotspot with their foreign mobile numbers via the Wireless@SGx App. Overseas charges may apply.

The standard power plugs in Singapore are with three square prongs. The standard electrical current used in Singapore is 220-240 volts AC (50 cycles).

Getting Around Singapore

By Train

Singapore's MRT (Mass Rapid Transit) system is probably the fastest way to zip around the city. Most of our popular attractions are just a short walk away from an MRT station, making our trains a great way to get around.

Visitors can use the following options for MRT journeys:

1. Get a [Singapore Tourist Pass \(STP\)](#), a special EZ-Link stored-value card which will allow you unlimited travel for one day (S\$10), two days (S\$16) or three days (S\$20).

The Pass can be bought at the TransitLink Ticket Office at selected MRT stations listed [here](#), or at the Concession Card Replacement Office at Somerset station. They are also available daily at the Automated STP Kiosks at Orchard station, HarbourFront station, and Changi Airport station (Terminal 2 and 3) near the Transitlink Ticket Office.

2. You can use your foreign-issued Mastercard® and Visa contactless bank cards issued outside of Singapore for the payment of public transport fares in Singapore.

Do take note that admin fees apply for foreign-issued bank cards— you can check out the details at TransitLink's [SimplyGo website](#).

3. Adult Stored Value Smartcard (EZ-link / Nets FlashPay): These cost \$12 inclusive of card value, and come with a stored value of \$7 for you to use on your commutes. You'll be able to purchase this card at any [Transitlink Ticket Office](#) or convenience stores.

By Bus

Singapore's bus system has an extensive network of routes covering most places in Singapore. You can pay for your bus fare using the following,

1. An adult stored value smartcard (EZ-link/Nets FlashPay) or the Singapore Tourism Pass (STP).
2. Foreign-issued Mastercard® and Visa contactless bank cards issued outside of Singapore to pay for your ride. Do note that admin charges apply.
3. Cash, but make sure you have the exact amount in change.

By Taxi

Cabs here are metered, but there may be surcharges depending on when, where and which company's taxi you board. You can hail a taxi by the roadside at most places, or by queuing for one at a taxi stand, which you'll find at most malls, hotels and attractions. You may check this [website](#) for a quick and easy fare comparison.

By Bicycle

Singapore boasts a well-connected network of [cycling paths](#), and you can rent shared bicycles from licensed operators.

Feel free to bring your foldable bike onboard our trains and buses, but check if they're too bulky. You can find guidelines for cycling in Singapore [here](#).
