About Living in Singapore

Tax

Singapore adopts a progressive personal tax system, and its tax rates are much lower than many other countries in the world. You may refer to the government website for detailed information [here](#).

Standard of Living

Known as the Garden City, Singapore has a tropical rainforest climate with no distinctive seasons throughout the year. With an internationally renowned education and healthcare system, global connectivity, diverse cultural environment, and one of the world's strongest economies, you could enjoy a high standard of living in Singapore.

* The World Health Organisation ranks Singapore's healthcare system as 6th overall in the world in its World Health Report.

Expatriate Culture

Singapore is internationally recognized as a multicultural and cosmopolitan country. Professionals from around the world relocate to Singapore every year with a relatively easy immigration process. With many established MNCs and a rising number of startups setting up headquarters or regional offices in Singapore, we are seeing a more diverse and vibrant nation day by day.
