CALL FOR PAPERS

Hosted by the IEEE Geoscience and Remote Sensing Society and the Canadian Remote Sensing Society, the International Geoscience and Remote Sensing Symposium 2014 (IGARSS'14) and the 35th Canadian Symposium on Remote Sensing (CSRS) will be held from Sunday July 13th through Friday July 18th 2014 at the Quebec Convention Center in Québec City, Quebec, Canada.

The assessment and development of new and renewable sources of energy in the context of a changing planet is a critical and important issue throughout the world. IGARSS 2014 and the 35th CSRS will include keynote speakers and special sessions dedicated to the "Energy" theme.

A full range of remote sensing and geoscience topics are welcome. In addition to this, the following special themes will also be addressed during the IGARSS 2014/35th CSRS:

- Climate Change and Energy Management
- Oil, Gas and Mineral Exploration
- Bio Energy
- Reservoir Management
- Temporal Analysis: Techniques and Applications
- Forensic Science
- Archaeology
- Manufacturing Systems
- Environmental Remediation and Assessment
- Remote Sensing in Developing Countries

ABSTRACTS

Submission Deadline: January 13, 2014

Abstracts can be submitted on-line at www.igarss2014.org between November 14th, 2013 and January 13th, 2014. Results of the review process will be available on-line by April 4th, 2014.

We are looking forward to receiving your submissions.

IGARSS 2014 / 35th CSRS Technical Co-Chairs

Dr. Josée Lévesque, Defence Research and Development Canada
Dr. Jean-Marc Garneau, Defence Research and Development Canada (ret)
Dr. Ellsworth LeDrew, University of Waterloo

IGARSS 2014 / 35th CSRS General Chair

Dr. Monique Bernier, Institut national de la recherche scientifique (INRS)
